California CareForce provides everything the volunteer medical professionals need to perform their jobs including the vision exam equipment, dental equipment, tools, medicines, exam tables, dental chairs and even meals. All you need to do is show up and help. We take care of the rest. We even make all the eye glasses on site.

### *Follow Up Care Program*

If you can't make it to the clinic but would be willing to provide a limited number of follow up care visits for our patients please contact us. At every clinic we end up with a handful of patients who desperately need a follow up visit. You may sign up for five, ten or more follow up visits. It is completely up to you.

All services  
are free to  
all patients

Volunteers have  
provided \$7.4 million  
in free medical care at  
our clinics to date.

Volunteers register at  
[www.CaliforniaCareForce.org](http://www.CaliforniaCareForce.org)
